## VOLUNTEERING: ROLES & PRACTICAL INFORMATION

- **What are the volunteer roles and tasks at EYE2025?**
  - EYE2025 will take place in and around the European Parliament in Strasbourg on **13, 14 June 2025**, but volunteers will also be needed on **11 and 12 June**. Volunteers are the faces and representatives of the event, interacting directly with participants and stakeholders.
  - Their primary tasks include assisting and guiding participants in the European Parliament and EYE Village, providing directions, and answering questions from attendees and stakeholders. Additionally, volunteers are expected to actively contribute to implementing the Sustainable Development policy, particularly focusing on waste management.
  - Here are the key roles and teams for volunteers:
    - **Entrance Support Team:** Assist with welcoming participants, managing entry points, and directing attendees to the correct areas.
    - **Information Support Team:** Help participants by answering questions, providing directions, and sharing details about the event.
    - **Operations Support Team:** Work behind the scenes to ensure smooth event logistics, supporting various teams and ensuring all aspects of the event run seamlessly.
    - **Floater:** Provide flexibility by stepping in where needed, responding to team requests, and assisting during busy periods to reinforce various teams and tasks. Additionally, Floaters will support sustainability efforts by helping maintain a clean and safe environment, promoting eco-friendly practices, and overseeing the animation of a sustainability-focused stand.
  - Volunteers play a crucial role in creating a memorable, well-organised, and environmentally conscious experience for all EYE2025 attendees.
  - Please be aware that you may have to stand for long periods. If this is complicated for you, please let us know so that we can assign you to a more suitable role. Non-standing roles are limited however, so depending on how many requests are received, it may not be possible to find one for everyone.
- **How many hours of volunteering am I expected to do?**
  - Each volunteer must be able to contribute at least 12 hours of volunteering in total during the two days of the event and the two days of event set-up (11, 12, 13 & 14 June). You can volunteer for a maximum of 8 hours per day.
- **If I am accepted as a volunteer, can I still participate in EYE2025 activities?**
  - Yes, volunteers are welcome to participate in EYE2025 activities outside their assigned volunteering hours. However, it is essential to prioritise your volunteering duties and adhere strictly to the agreed schedule. While you can fully enjoy the event during your free time, your primary responsibility is to provide the assistance outlined in your role. This balance ensures a smooth experience for everyone involved.
- **Is there a volunteer dress code?**
  - You will be provided with EYE2025 T-shirts. Wearing the T-shirt is mandatory whenever you are actively volunteering.

## **BECOMING A VOLUNTEER TEAM LEADER**

- **What is the role of a team leader?**
  - All team leaders are volunteers. A team leader is responsible for managing a group of volunteers and ensuring the successful completion of team assignments. They communicate all necessary information to their team, including timetables, assignment descriptions, and any last-minute updates. Acting as the primary link between the EYE2025 organisers and the volunteers, team leaders play a key role in coordination.
  - To succeed in this role, team leaders must be skilled at motivating their team and possess strong people management abilities.
  - We are proud to empower young people by giving them responsibility and autonomy, creating an event for young people, led by young people.
- **What is the selection process and training requirements for team leaders?**
  - The selection process for team leaders is designed to ensure they are well-prepared to manage their teams effectively. Team leaders are expected to frequently be present in Strasbourg before the event and must attend several additional training sessions to prepare for their responsibilities.
  - The process begins with a preselection based on the initial volunteer application, followed by an interview with the volunteer coordinator. This interview can be conducted in person or virtually, depending on the volunteer's availability. Another key step is identifying volunteers with leadership potential.
  - Effective team leaders can:
    - Motivate and guide their team, ensuring clear communication and support.
    - Adapt to diverse situations and handle changes smoothly.
    - Take ownership of their role, ensuring tasks are completed on time.

## TRAINING SESSIONS

- **Do all volunteers need to physically attend training sessions?**
  - Local volunteers (from Strasbourg and surrounding areas) will need to participate in **two visits** to the European Parliament, **two in-person meetings**, and **two online sessions** between March and June 2025.
  - Non-local volunteers will have **four online training sessions** and **one in-person visit to the Parliament** when they arrive in Strasbourg.
- **Will training sessions be available in languages other than French?**
  - While training will primarily be conducted in French, alternative sessions in English can be arranged to meet the needs of volunteers who require them.
- **Who is responsible for overseeing the training sessions?**
  - Volunteer coordinators will manage the overall training process. Additionally, team leaders may organise specific sessions or visits to the European Parliament to ensure volunteers are well-prepared for their roles.
- **Is attendance at training sessions and visits mandatory?**
  - Yes, attendance will be monitored. Consistent participation helps volunteers gain the knowledge and confidence needed for their roles and may result in priority for key responsibilities during the event.
- **How many training sessions have been planned? When will they take place?**
  - **The calendar of official training sessions and meetings is not yet available.** However, the training period will run from March to June 2025.

## INCLUSIVITY & SUSTAINABILITY

- **How is EYE2025 engaged in achieving the Sustainable Development Goals?**

  - Yes of course! We welcome volunteers with physical disabilities or special needs and will ensure that suitable roles are assigned based on individual requirements. Additionally, we offer a buddy system designed to provide extra support. Volunteers with special needs will be paired with a buddy who will guide them, assist with tasks, and help navigate the event, ensuring everyone feels included, supported, and empowered. This system promotes a collaborative, inclusive environment for all volunteers. Furthermore, if you need any assistance, such as help with the application form, please email [coordinator.volunteers@ddmc.eu](mailto:coordinator.volunteers@ddmc.eu).
- **Can I make a positive impact on EYE2025?**
  - Absolutely! As a volunteer, you'll build collaborative relationships with volunteers from diverse backgrounds, fostering innovation and creating an inclusive atmosphere. You'll engage participants in eco-friendly practices like waste sorting, sustainable transportation, and plant-based food choices. You'll also animate a fun sustainability quiz and join the clean-up team to keep the venue green and clean.
  - Additionally, we will create a specific team of volunteers dedicated to engaging with people with special needs during the event. This team will receive specialised training to ensure they can offer the best support and make the event as accessible and inclusive as possible. This presents another fantastic opportunity to make a meaningful impact.
  - Your efforts will help make EYE2025 not just memorable, but a true model of collaboration, inclusivity, and sustainability!
